

# VINHA DO BISPADO { WHITE 2023

## GRAPES

The grapes were grown in our vineyards in the Douro Superior and include the varieties: Rabigato, Viosinho and Moscatel Galego Branco.

## HARVEST

In 2023 we had a rainy Winter and, after a mild beginning of Spring the rain came again till the start of the Summer. From mid-July till the harvest, the weather was hot and dry. These conditions led to good yields, together with long and balanced maturations, which originated very good wines.

## VINIFICATION

The wine is vinified in our Winery, at Quinta das Marvalhas, in the heart of the Douro Superior. The Winery is equipped with the most modern technology, which

enables a complete control of temperature, essential on a region of extreme climates.

After grapes arrive at the winery, we eliminate clusters which are not in perfect condition following total de-stemming, smooth crushing and skin maceration for about 12 Hours. After this period in inert atmosphere, pressing takes place in a pneumatic press. The wines are clarified for 24 to 48 hours, depending on the variety and state of ripeness of the grapes. Hyperreduction pre-fermentative followed by alcoholic fermentation at 13°C.

## TASTING NOTES

The wine is well balanced, ripe and rounded, mineral and fresh, with delicious flavours of peach and apple with a succulent crisp finish. This white wine is an ideal accompaniment for all kinds of fish, shellfish, white meat and vegetables. Serve slightly chilled between 8 and 12°.

## TECHNICAL NOTES

HARVEST: 2023

APPELLATION: DOC DOURO

LOT: QBVB23 (55% Rabigato, 40% Viosinho and 5% Moscatel Galego branco).

VINEYARDS: Bispado Vineyards in the Douro Superior
